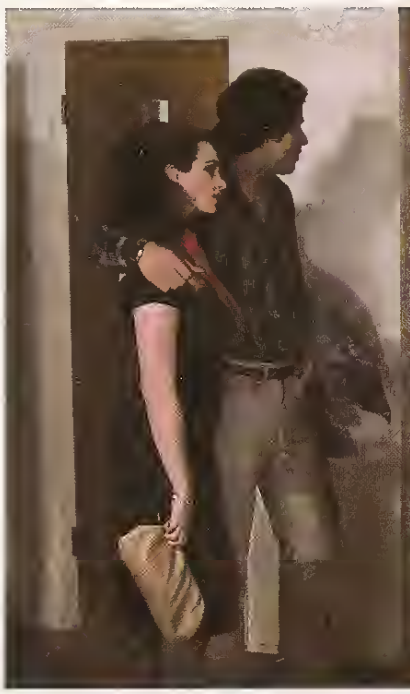
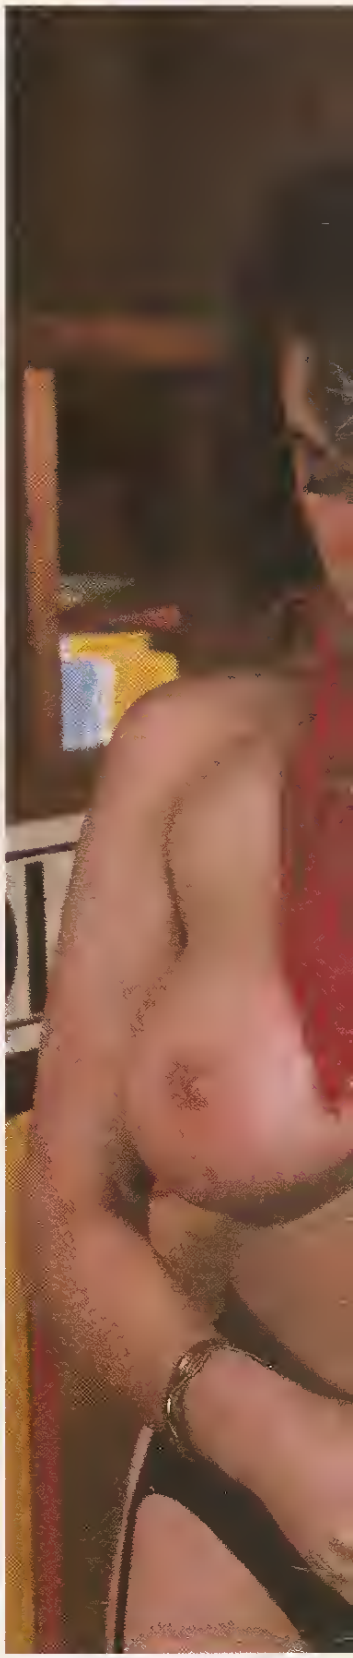
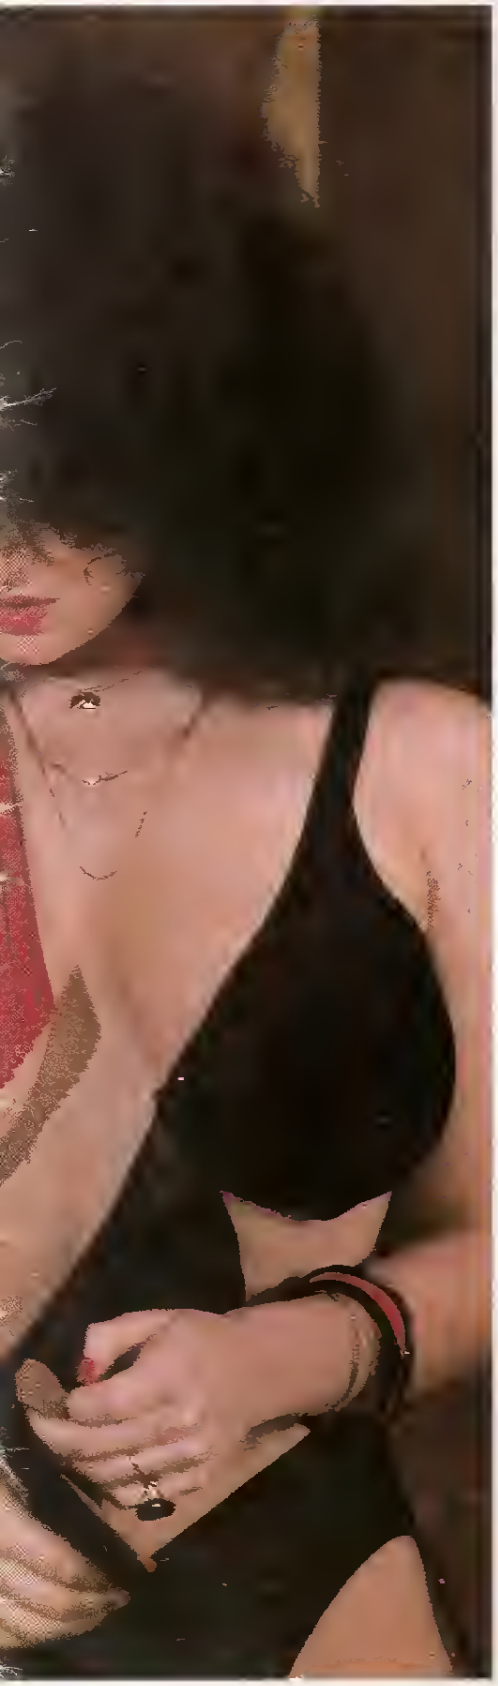
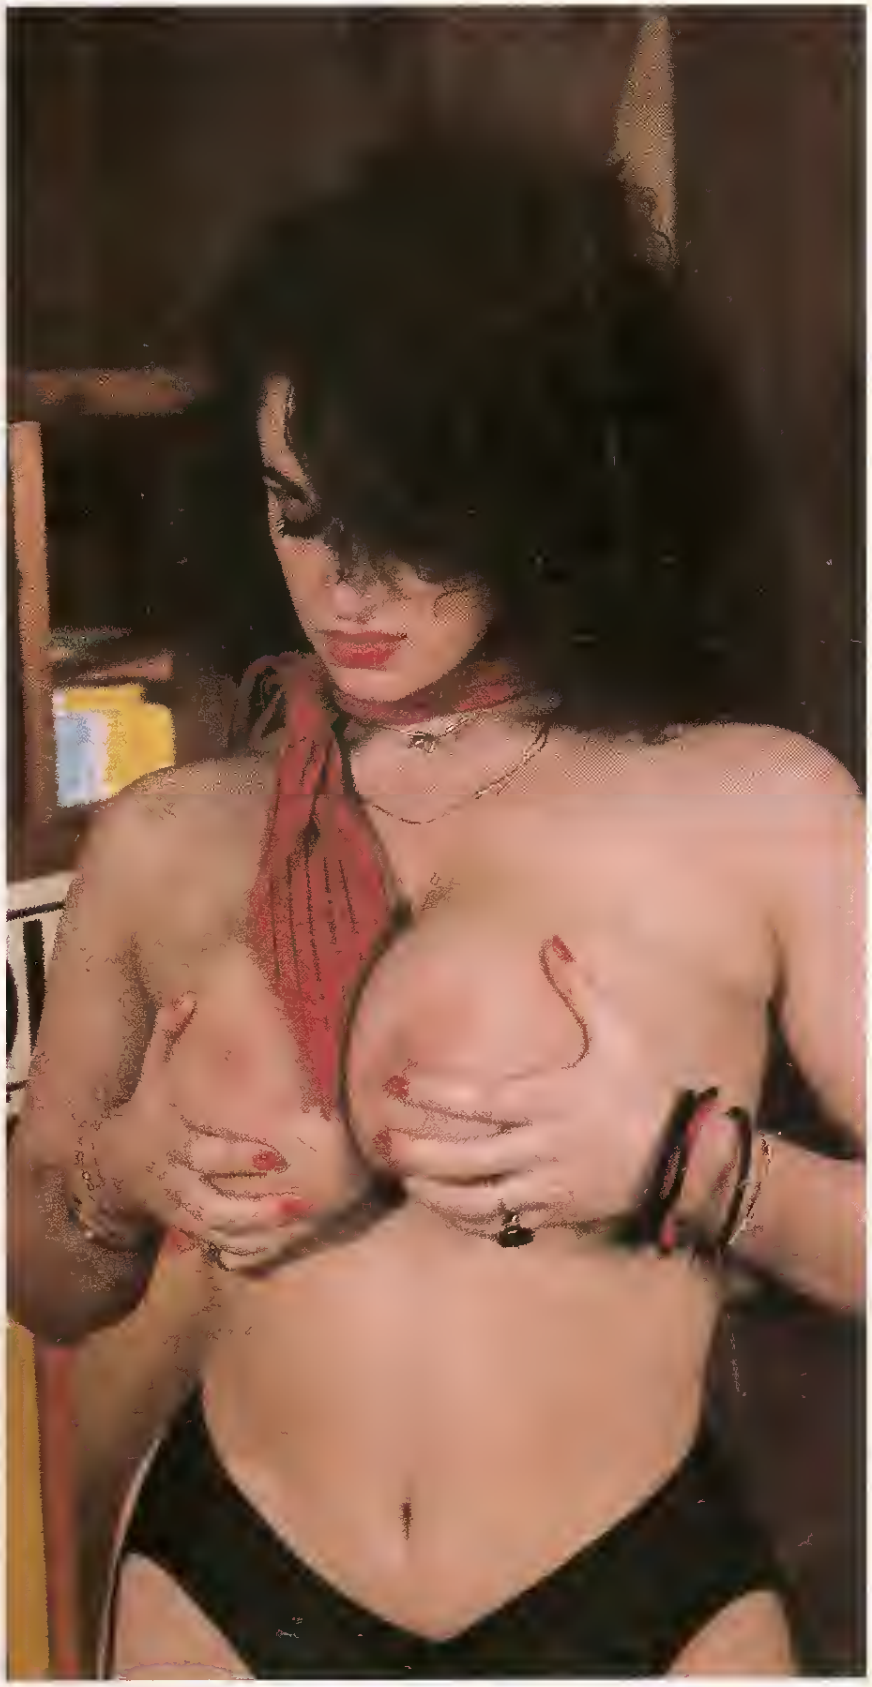
Known to only a select few, the Sex Ranch, as it is called, is the hottest spot in the entire European entertainment scene. The elite of society come from far and near to sample each other in its delightful surroundings, for at the Sex Ranch everything and anything goes. There are no limits to behavior except what the individual objects to experiencing. No one is ever forced to participate in any activity, but no sex act is frowned on.

Sandra is a newcomer to the Sex Ranch and a bit shy at first about participating, but the spectacles she watches soon turn her on.

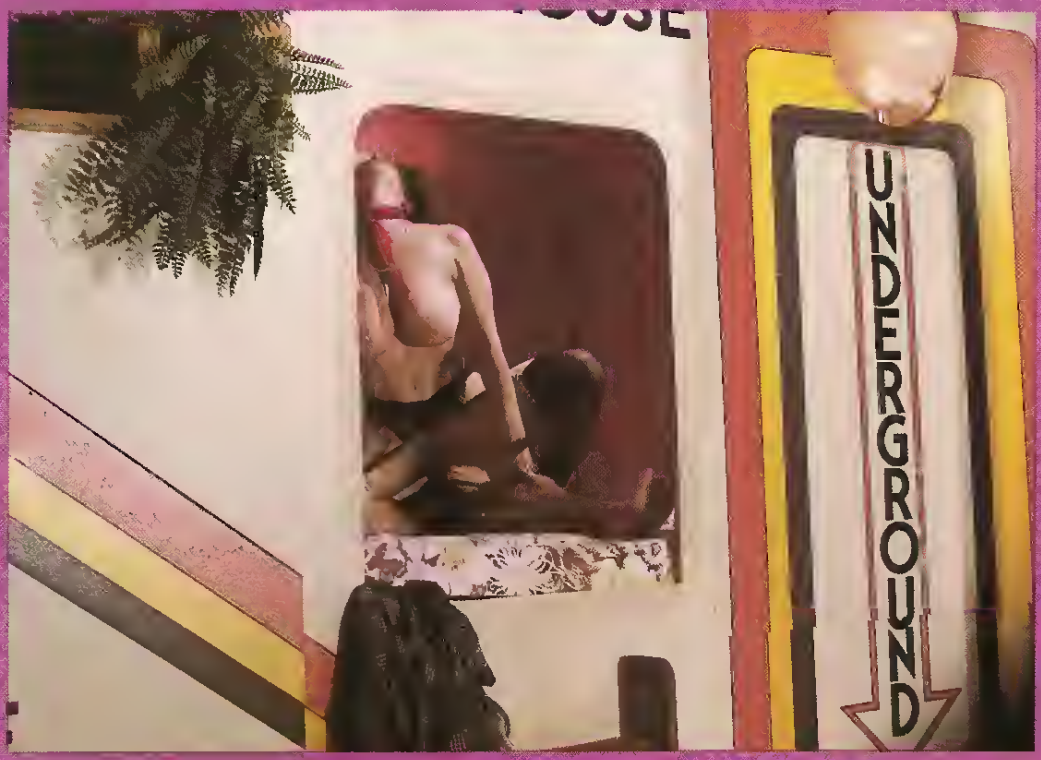








The cocksucking, the cuntlicking, the fucking in all its intricate variations and combinations soon set her juices flowing and she resists not at all when Vic leads her to a vacant bed and gently strips away her clothing. Soon her magnificent tits are revealed to all and many admiring comments are made about them. Her nipples swell and harden under the excited stares. Strange lusts she never realized existed



within her begin to burn and, suddenly, she wants more than anything else to show these strangers that there is no sex act she will not perform for their entertainment.

Last week, before she met Vic, Sandra was a virgin. Now she sprawls with her back to Vic as he caresses her tits, eyes glazed with passion and pleasure. She raises one leg high so that her cunt gapes wide, then gasps as Vic finds her cunt with his fingers and then guides his stiff cock to the opening. As he slowly slides it into her she turns to the watching audience and smiles to let them know that their pleasure in watching her being fucked is only exceeded by her own as the performer.

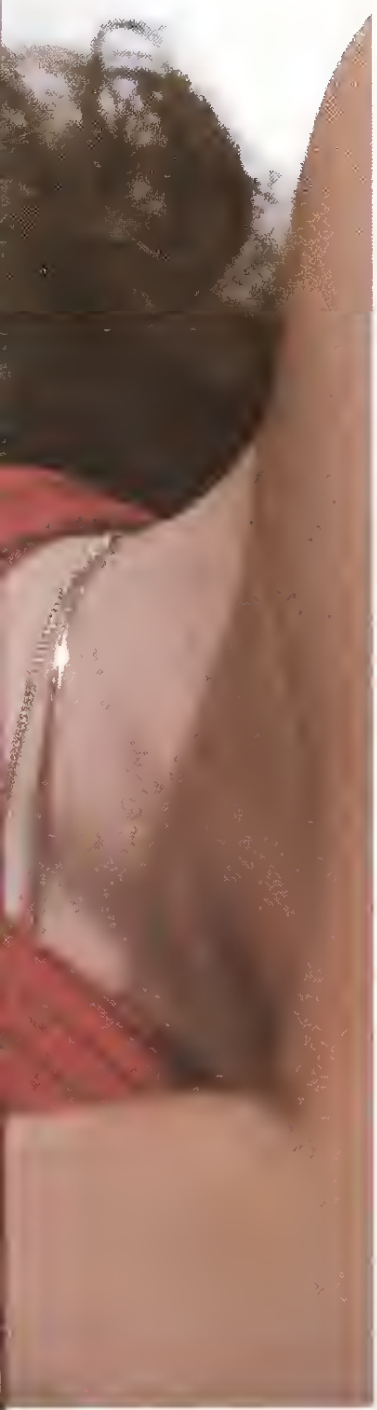
Vic picks up the pace, pumping cock into her faster and faster and she begins to moan softly, to thrash about on the narrow bed. She knows that strangers are avidly watching her writhe, are being incredibly excited by the raw sensations she is experiencing. Some of the men are jerking themselves off as they watch. Another turns to the woman beside him and she, understanding, sinks to her knees and begins to suck him. Two young women are fingering each other as they watch. Gasps and moans of pleasure from the observers permeate the room.

But by now Sandra has forgotten that she is the star performer of the evening's entertainment. Vic's cock has gotten to her and she is entering the throes of orgasm. A scream of pure animal passion bursts from her throat as the shock of the orgasm spasms her body. The orgasm begins to fade, but another is building right behind it.

Vic has not come, yet, but his moment is approaching. His cock seems to be swelling even larger and the pressure is mounting in his balls. Suddenly the breath is bursting from his lungs in gutteral grunts and his body is rigid as iron. Deep within Sandra his cock is jetting, pumping out cum that is hot, almost steaming and Sandra can feel each spurt.

Finally, Vic's body relaxes and his cock softens and dwindles within Sandra's body, slips from her cunt. The watchers, eyes glittering, ease away to find other entertainment, leaving the lovers to rest—but they leave too soon.

Within moments, Vic has found new strength and his cock is again hardening. This time he wants Sandra face-to-face, missionary style, where he can press his entire body against her, feel her tits crush against his chest as they fuck. Total contact with her is what he wants and Sandra wants no less. Vic's hips pump. Sandra once more gasps and shudders in orgasm.



Sweat beads Vic's face and his muscles stand up like ropes as his moment nears. At the last moment, however, he pulls his cock from Sandra's cunt and shoots his load on her belly.

Phil and Liza, two other new guests, have watched this performance and are frantic to get going. Seeing a bed now vacant, they shed their clothing swiftly and join together in a fucking session. There is nothing unique about their technique, but they are too excited to innovate. Cock in cunt is what they want and as soon as possible. For both of them, it is the first time they have watched other's fuck.

But now another couple, strangers, sprawl on the bed beside them and before they realize what is happening they are caught up in group sex with strangers. The other couple are old timers at the Sex Ranch and hesitate not at all.

PENTHOUSE
UNDERGROUND

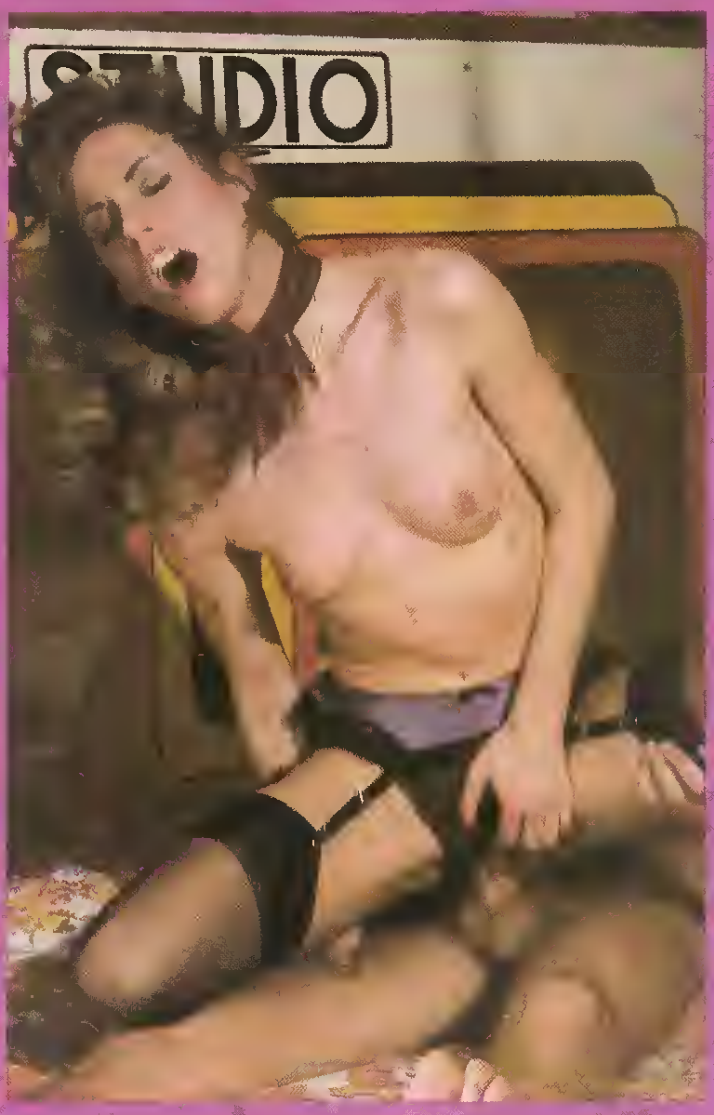
Liza, having just been fucked by Phil, watches in amazement as this totally strange woman grasps Phil by the cock and begins sucking him, taking his still limp cock, wet with Liza's cunt juices, deep into her throat She is an amazingly skillful cocksucker and in a moment Phil's tool is stiff as an iron bar and throbbing in her mouth. And Phil's hips are slowly beginning to move up and down as he responds to her sucking.

Strangely, instead of jealousy, an intense excitement fills her at the sight of her beloved Phil being blown by the woman.

Suddenly Liza realizes that she, too, is about to become sexually involved with a stranger. The male member of the couple that joined them has his strong hands on her body and she can do nothing to resist him. He brings her to her knees and then down to all fours while positioning himself behind her. His hands are on her ass, stroking and stimulating, coaxing her to an erotic peak. She looks around and sees that Phil, while being sucked off, has his eyes on her and what is being done to her, but there is no telling from his expression, or lack of it, what he is thinking.

Whatever he thinks will make no difference. The stranger has a finger in her asshole, where nothing has ever intruded before. She knows that he is soon going to fuck her in the ass, shove his thick cock in there and she shudders at the thought, which terrifies her. Phil has often begged for the chance to fuck her there but she has always refused. Now a complete stranger is going to shove his cock up her ass, right to the balls and while Phil is watching. She relaxes and tries to will her asshole open to make the way easier for him.

Suddenly the head of his cock is there, inside her ass and moving slowly deeper. It seems to fill her like a thick club, as no cock has ever filled her cunt. The sensation is overwhelming, incredibly more intense than being fucked in the cunt and, somehow, incredibly more intimate. Never again will ordinary fucking be enough for her. Ass fucking is what she now knows she needs. Whatever Phil thinks, whatever he



decides, she knows that she will be coming back to the Sex Ranch again and again, and she will be looking for another good fucking in the ass. She knows it by the way she is excited by the stranger who holds her hips as he pumps his meat into her from behind. She knows it by the way she is thrilled at the thickness of his cock as it slides in and out of her tight asshole. Liza has never been so overwhelmed by a single sexual experience. And she regrets that she never let Phil have his chance at her ass, as he has begged so often.

As the stranger explodes his load deep inside her intestines, Liza comes to a decision. It's never too late, she realizes, looking over lovingly at Phil. Next time at the Sex Ranch it will be Phil's turn to ravage her ass — she winks at her watching lover — for as long as he likes. ●

Laura and Rose were a team. They had been since highschool days, going everywhere and doing everything together. At the moment they both happened to be out of work and broke, which didn't prevent them from shopping the most fashionable stores and trying on everything in sight. That is, they tried them on until they wandered into Ted's place.

Ted (who knew at sight that they could never afford the goods he sold) decided to make a play for them. His offer was that they could each have any dress in the place if they would fuck for him—after he put the closed notice on the door.

Each of them had sucked cock before, but never in front of the other. Each wanted to such Ted's cock but neither wanted to be first. Rose was the bolder of the two and her

lips parted, her head bent. She knew that Ted was coming, that his cum was supurting into Rose's mouth and that she was swallowing it. Then Rose sighed and relaxed, let Ted's dripping cock slip from her mouth and she knew that it was her turn to suck, her turn to receive Ted's cock juice into her throat.

Ted was beginning to soften, but Laura's mouth soon revived his lust. Laura was doing her best to improve on Rose's cocksucking technique and Ted, who had hoped at best for a quick lay, realized that the young lady had genuine talent in her mouth. She was nibbling on him gently as she sucked and the sharp edges of her teeth were enormously

stimulating. He gave her no warning that he was about to shoot his load but let it explode into her, delighted in the way she swallowed automatically instead of gagging on the hot, sticky cum.

But now, while he was still able to get another hardon, was the time to make good on the fucking he had asked for. Rose was the candidate he chose and he eased her to the floor and knelt between her spread legs. It was Laura's hand that guided his cock to that tender nesting place between her thighs where the damp, pink opening to her cunt awaited him. Then, while her legs clasped him gently, he began slowly to pump that big cock in and out of her tight pussy.

And Rose was tight. She hadn't been laid in weeks and her cunt clamped hard around his cock just as her hungry mouth had moments earlier. It seemed to suck him in until he was battering against her womb and she was moaning softly in approaching orgasm.

All the while Laura watched in fascination. When she and Rose had taken on the football team they had been too busy to watch each other, to see what was going on in the relationship of cock to cunt.

Now, however, there was all the time in the world to watch, to observe every detail, to shudder in sympathetic response to Rose's shudders and moans of esctasy. She fingered herself as she watched, rubbed her own clit gently and wished that someone could do more for her than that. She wanted to be fucked, or to have her cunt eaten.

Suddenly there was a hand on her thigh. Rose was stroking her even as she, herself, was being fucked by Ted. Rose's hand was creeping up her thigh, fingers trickling through Laura's thatch of cunt hair, finding her clit. Rose was rubbing Laura's clit in time to the rhythm of Ted's cock pumping in and out. It was the first time any female hand other than her own had touched Laura's cunt and she relaxed, gave herself up to sensation. Rose could do what she pleased with her.

Suddenly it was evident that Rose wanted more than just to touch Laura's clit. Her hand had left Laura's cunt and now was at that young woman's waist, pulling her nearer. Rose's head was thrashing back and forth. Her eyes were glazed and she was convulsing in her first orgasm. As the spasms slowed she tugged harder at Laura and suddenly that young lady knew exactly what her friend wanted. Almost shyly she straddled Rose's upper body, faced Ted and lowered her cunt toward Rose's face.
